#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Wm Smith Securities, Incorporated Denver, Colorado

We have audited the accompanying statement of financial condition of Wm Smith Securities, Incorporated as of December 31, 2002, and the related statements of income, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wm Smith Securities, Incorporated as of December 31, 2002, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### NOTES TO FINANCIAL STATEMENTS

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

<u>Organization and Nature of Operations</u> – Wm Smith Securities, Incorporated (the Company) is a broker registered with the Securities and Exchange Commission (SEC) and dealer in securities under the Securities Exchange Act of 1934. The Company was incorporated in 1992, and became licensed as a broker/dealer and commenced operations in 1993. The Company is a member of the National Association of Securities Dealers, Inc. The Company provides brokerage services to customers throughout the United States, and acts as an underwriter, both on a participating and primary basis, on securities public offerings and private placements.

<u>Cash Equivalents</u> – The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

<u>Securities Owned</u> – Securities owned are recorded at estimated fair value. The difference between cost and estimated fair value is recognized in income as an unrealized gain (loss) on investments. Securities owned consist of equity securities of publicly traded companies.

<u>Furniture and Equipment</u> – Depreciation is recognized on the straight-line method over the estimated useful lives of the assets of approximately 7 years. When assets are retired or otherwise disposed of, the property accounts are relieved of costs and accumulated depreciation and any resulting gain or loss is credited or charged to operations.

<u>Deferred Costs Related to Purchased Receivables</u> – The Company purchases receivables from two companies (WSSOR and WSC) owned by the president and sole stockholder of the Company. Research is provided to certain of the Company's customers who have agreed to place specified levels of trades with the Company. The receivable purchased from WSSOR and WSC is generally recorded as a deferred cost, and expensed as the commission income is realized on trades placed by the Company's customers.

<u>Income Taxes</u> – The Company accounts for income taxes under the liability method, whereby deferred tax assets and liabilities are determined based on the difference between the financial statement and tax basis of assets and liabilities using tax rates and laws enacted as of the balance sheet date. Deferred tax expense represents the change in the deferred tax asset/liability balance.

<u>Commission and Syndication Income</u> – All trades clear through an independent clearing broker. As such, the Company does not receive or deliver securities or funds for any of its customers. Security transactions and the related commission revenue and expenses are recorded in the accounts on trade date. Syndication income is earned when the related underwriting is completed, net of related expenses. Syndication income includes sales concessions, which are recorded on settlement date.

#### NOTES TO FINANCIAL STATEMENTS

<u>Comprehensive Income</u> – Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income defines comprehensive income as all changes in stockholders' equity exclusive of transactions with owners, such as capital investments. Comprehensive income includes net income or loss, changes in certain assets and liabilities that are reported directly in equity such as translation adjustments on investments in foreign subsidiaries, and certain changes in minimum pension liabilities. The Company's comprehensive income was equal to its net income for the year ended December 31, 2002.

<u>Use of Estimates</u> – The preparation of the Company's financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

## 2. RELATED PARTY TRANSACTIONS:

Under an arrangement between the Company, WSC and WSSOR, and certain customers, WSC and WSSOR sell research products to these customers who agree to place a specified level of security trades with the Company. WSC purchases the research from third parties and WSSOR has its own research department. The Company purchases certain WSC and WSSOR receivables at a 30% discount. The Company has an agreement with WSC and WSSOR establishing a payment schedule and committing the Company to pay for the receivable. As a result, the Company records a payable to WSC and WSSOR, and an asset (deferred costs related to purchased receivable). The asset is expensed as research costs as the Company recognizes commission revenue from the customer. During the year ended December 31, 2002, the Company paid WSC and WSSOR \$1,074,491 and \$375,000, respectively, for research provided to these customers. Additionally, the Company received \$1,074,491 and \$1,395,679, respectively, in commission revenue from trades placed by customers of WSC and WSSOR. Deferred costs totaling \$631,086 related to purchased research will be expensed as the Company receives commission income from these customers.

As of December 31, 2002, the Company had a note receivable from a related party for \$36,371. This note receivable accrues interest at 5% and is payable on demand. Accrued interest relating to the related party note receivable at December 31, 2002 was \$47,300.

The Company shares all of its employees with WSC, and rents office space on a month-to-month basis from WSC. Direct and shared expenses paid by WSC on behalf of the Company are billed back to the Company. Shared expenses between WSC and the Company are allocated to the Company based on management's best estimate of the proportionate benefit to WSC and the Company. The Company's allocation of shared expenses totaled \$1,364,732 for the year.

## 3. <u>INCOME TAXES</u>:

The deferred tax liability of \$59,000 at December 31, 2002, is primarily related to the use of the cash method of accounting for tax.

#### NOTES TO FINANCIAL STATEMENTS

### 4. COMMITMENT AND CONTINGENCIES:

<u>Underwriting Commitments</u> – In the normal course of business, the Company enters into underwriting commitments. Underwriting commitments open at December 31, 2002 totaled \$0.

<u>Customer Litigation</u> – The Company is a co-defendant in a purported class action lawsuit in which the class representatives seek rescission for the purchase of securities from the Company in connection with a public offering underwriting syndicate. The Courts have not certified the classes. The Company is unable to estimate the magnitude of its exposure at this time. Additionally, management believes that the Company would be indemnified by the lead underwriters for any future adverse judgments or settlements.

## 5. MINIMUM NET CAPITAL REQUIREMENT:

Pursuant to the Uniform Net Capital requirements of the Securities and Exchange Commission under Rule 15c3-1, the Company is required to maintain a minimum net capital balance of 6 2/3 % of aggregate indebtedness, as defined, or \$100,000. At December 31, 2002, the Company had a net capital of \$1,559,021, which was \$1,459,021 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness was 21% of net capital at December 31, 2002.

## 6. CONCENTRATIONS OF CREDIT RISK AND OFF-BALANCE SHEET CREDIT RISK:

Credit risk represents the accounting loss that would be recognized at the reporting date if counterparties failed completely to perform as contracted. Concentrations of credit risk (whether on or off balance sheet) that arise from financial instruments exist for groups of customers or counterparties when they have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly effected by changes in economic or other conditions described below. In accordance with SFAS No. 105, Disclosure of Information about Financial Instruments with Off-Balance-Sheet Risk and Financial Instruments with Concentrations of Credit Risk, the credit risk amounts shown do not take into account the value of any collateral or security.

A geographic concentration exists because the Company's customers are generally located in Massachusetts, New York, Texas, and California. Financial instruments that subject the Company to credit risk are principally purchased receivables and accounts receivable which consist primarily of commission receivable on trades and amounts due within 90 days from closing on underwriting and note receivables due from WSC. Purchased receivables includes \$442,000 from one customer. Based on the historical activity of this customer, management of the Company believes it will realize the receivable. Amounts are expected to be collected in full, and no provision has been made for uncollectible amounts.

# SCHEDULE II Wm SMITH SECURITIES, INCORPORATED

## EXEMPTION CLAIMED FROM THE PROVISIONS OF RULE 15c3-3 UNDER THE SECURITIES AND EXCHANGE ACT OF 1934 AS OF DECEMBER 31, 2002

Exemption is claimed from the provisions of Rule 15c3-3 of the Securities and Exchange Commission under Section 15c3-3(k)(2)(ii), since, as an introducing broker and dealer, the Company clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer, and promptly transmits all customer funds and securities to the clearing broker or dealer which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker or dealer.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

Board of Directors Wm Smith Securities, Incorporated Denver, Colorado

Dear Sirs:

In planning and performing our audit of the financial statements and supplemental schedules of Wm Smith Securities, Incorporated (the "Company") for the year ended December 31, 2002, on which we have issued our report dated February 4, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by Rule 17a-13
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Board of Directors Wm Smith Securities, Incorporated Page 2

Our consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

Yours truly,

HEIN + ASSOCIATES LLP

Hain + Associate LLP
